Dear Business Owner or Community Supporter,

Thank you very much for your consideration of this request to support the Airborne Gymnastics 2011 Aloha Invitational Meet. Over 450 gymnasts from 22 gyms in Northern California and out of state will be in attendance at this yearly competition. We anticipate many of the gymnasts' families and friends, as well as other spectators, will be coming to Santa Clara for an exciting weekend of gymnastics competition.

Airborne Gymnastics Training Center has been a vital business member to the Santa Clara community for over 17 years. It provides a high quality gymnastics program for families with children of all ages. The competitive team program has over 125 highly qualified gymnasts coming from the bay area and beyond to train at our facility. Many of these families are looking for local businesses to frequent during the time their children are training.

The **SPiRiT** booster club is a non-profit organization that raises money to help off-set the costs of a sport that helps children to be physically fit, become both top athletes, and be successful individuals in the community. You are invited to partner with our booster club by advertising your business in our Meet Program. Along with your advertisement, we will promote your business and ask our families to frequent your business.

We will be producing a full-color program, printed on the highest quality high gloss paper. All business ads will placed in a highly visible area of the program. The programs will be given out to everyone in attendance at the Aloha Meet.

All ad sizes and prices are located on the back of this document. Any type of donation to show your support is greatly appreciated by every gymnast and their families. Remember your contribution is tax deductible (Federal Tax ID: 77-011050)

Thank you in advance for your deepest consideration. If you have any question regarding ad pricing or would like more information about our event, please email us at AirborneSPiRiT@yahoo.com.

Sincerely,

SPiRiT Board members
